Portrait Finishes

E Economy The economy finish is for the budget minded who still want a quality portrait. There is no artwork or retouching done on these photographs. This finish has no protective coating and is especially vulnerable to fingerprints. Framing under glass is recommended.

D Deluxe All deluxe portraits (except wallets) receive several layers of special photographic luster coating to enhance the brilliance of color and protect the portraits from damaging UV rays and fingerprints.

T Texture The depth and brilliance of the portrait is apparent with it's subtle texture and enduring surface. Linen texture is applied to your portrait to create a "canvas-like" finish. (applied to 8x10's and larger)

C Canvas Portraits Your portrait is bonded to canvas under high pressure and mounted on a stretcher frame.
